PDA XPRESS

Auction Run Lists now available

Combines the power and convenience of a computer with the portability of a guide book

\$395.00

Also available for Collectible Cars and Motorcycles

Sometimes you need to leave your desk to get the job done. *PDA XPRESS* is a program that you download onto your personal digital assistant once a week. It combines the values included in the Official Used Car Market Guide, Official Truck, Van & SUV Guide, Official Old Car Guide, and the Official Retail Used Car Guide. You no longer have to carry around four books to determine a vehicle's value – all the prices are right there at your fingertips in your PDA. It's available in either Palm, Pocket PC, BlackBerry, or SmartPhone format.

Product Highlights:

- 15 Years of Values for Cars, Trucks, Vans & SUVs
- VIN Lookup w/UVC Enhancement
- Easy Menu Driven Searches
- Adjustments for Mileage and Options
- Four Wholesale Values
- Four Retail Values
- Loan Value
- Regional Adjustments

TRY IT FREE!

We've combined the Official Used Car Weekly and Monthly Market Guide, Official Used Truck, Van & SUV Guide, Official Old Car Guide, Official Retail Used Car Guide, and Official Residual Value Guide into an on-line data solution called *Black Book Used Car XPRESS*.

Product Highlights:

- Updated weekly
- Four Wholesale Values
- Four Retail Values
- Three Trade-In Values
- Original MSRP
- Loan Value
- Residual Values for up to 60 months
- Value Adjustments for Mileage and Equipment
- VIN lookup w/UVC enhancement
- Finance and Lease Calculator
- Create and Print Used Car Appraisals

CUSTOM PRODUCTS

Black Book offers a wide variety of custom applications and specialized services. Need a custom hand held PDA application? We can do it. How about proprietary vehicle list handling solutions or application program interfaces? We can do those too. Let our IT staff design and build your electronic valuation solutions so your IT staff can focus on other aspects of your business! Please call for more details.

PORTALS

Our data. Your site.

If you would like to incorporate Black Book data into your Web page, but don't want to spend a lot of time and money writing your own software, consider using a Black Book Portal. Visitors to your Internet site will be able to access highly respected Black Book data, including new and used vehicle values and specifications, without leaving your site.

ANALYSIS SERVICES

Need to know what your inventory portfolio is worth today?

- used by financial institutions, auto dealers, and accounting firms
- upload inventory or portfolio files to our secured site
- inventory or portfolio files are valued at night and prepared for download by the next morning

DATA FEEDS

Want to use Black Book data but write your own front-end software?

- comprehensive vehicle evaluation software for either internal use or resale
- current pricing and specifications
- residual values, comprehensive VIN decoding, historical database of new/used vehicle values
